

Vaccine Verification – FAQ

Who is considered fully vaccinated?

People are considered fully vaccinated after receiving the full series of a COVID 19 vaccine or combination of COVID-19 vaccines approved by World Health Organization (e.g., two doses of a two-dose vaccine series, or one dose of a single-dose vaccine series). A customer must have both doses 14 days, prior to the date of entry.

Does a previous COVID-19 infection allow you to attend the facility?

No, a previous infection is not a substitute for being fully vaccinated.

What can be used as proof of vaccination?

Vaccine second dose receipt (printed or on a phone) and one piece of government issued identification that confirms name and date of birth.

Vaccine Receipt is proof of immunization and can be downloaded or printed from the [provincial booking portal](#), or by calling the Provincial Vaccine Booking Line at 1-833-943-3900
